### Players Present "The Romancers"

The last play to be given by The Playhouse will be a rollicking comedy The Romancers, by Edmund Rostand, one of the foremost French playwrights. This one-act play is to be given as one of the group to form an evening's entertainment for the National Sodality Convention of Parish Sodalities to be held at Gesu parish early in May. Mr. Fred La France, Director of the Gesu Drama Guild, will sponsor two other one-act comedies, and Barry Playhouse has been invited to present the third. The Playhouse has promised to give an additional outdoor performance here on campus some evening so the student body can enjoy its fun.

Members of the cast include Lucille Noble, Gloria Zenorini, Betty Lou Kepler, Anastasia McNichols, Marjorie Nores, Susie Miller, Patricia Aulson and Barbara Riordan.

## Charlotte Holme Featured in Recital

The music department of Barry College will present Charlotte Holme, violinist, in her sophomore recital April 29, accompanied by Susie Miller, and assisted by Patricia Heldman.

A graduate of Edison High School, Miami, Charlotte was concert mistress and frequent soloist for three years, and won the award for musical achievement for four consecutive years. She also represented the school in state music conventions.

Now a sophomore music major, it was through her efforts in the Barry college orchestra in 1946 that she received a scholarship to attend Barry. At present she plays second violin in the Barry Little Symphony, and is in the first violin section in the Miami University Youth Symphony. Recently she participated in two all-Bach concerts with Harold Bower, eminent pianist, who performed in Miami.

Representing Barry at the Festival of the Nations April 2-3 were (left to right) Gloria Kahn, Maria Selva, Maria Teresa Anguizola, Sonia Miro (front), Julia Olivares, and Emilia Arnoldson.

## Students Propagate Pan Americanism

#### Festival of the Nations

Members of the Foreign Students Club were invited by the Y. W. C. A. to participate April 2 and 3 in the Festival of the Nations, a festival held yearly in Bayfront Park.

Norma Nevares was elected to be queen of the group, which represented the Latin-American nations.

The program consisted of an initial march in which each student carried a flag of one of the Latin-American countries. After the group had assembled in a semi-circle, they sang "Un Canto de Amistad" (A Song of Friendship), and at the mention of each different country, the flag of that country was dipped forward.

The song was followed by typical South American dances interpreted by Jacqueline Quinn, Sonia Miro, Julia Olivares and Maria Selva. The whole group then sang "Cielito Lindo" after which the program came to a close with the singing of the national anthem by all groups present at Bayfront.

#### Prefect Will Crown Our Lady May 4

Barry College sodalists will proess their love for the Blessed Virgin May 4, when Claire McCullough, sodality prefect, in a white formal gown and blue satin cape, will crown the statue of Our Lady while the entire student body sings, "Oh Mary, we crown thee . . . The entire student body, dressed in white, will precede the Queen and her court in the procssion to Cor Jesu Chapel. Members of the Queen's Court will be Rosemary Naef, sodality vice-prefect, Barbara Hannon, sodality treasurer, and Veronica Barry, sodality secretary; and the committee heads, Lucia Vallejo, Patricia Young, Adelia McInarnay, Mari-Lu Gray, Jacqueline Quinn and Anne Criado, all of whom will wear pastel formals.

#### Pan American Day

The Day of the Americas, April 14, commemorates the political, economical, and spiritual unity of the 21 Republics of the American Continent.

Barry College observed Pan American Day with a Solemn High Mass celebrated by the Right Reverend Monsignor William Barry with the Reverend Robert P. Brennan, Deacon, the Reverend Peter Reilly, Subdeacon, and the Reverend Lamar J. Genovar, Master of Ceremonies.

At 10:30 A. M. the festivities of the day were continued in Stella Matutina Lounge, where the Honorable Roy M. MacKenzie, mayor of Miami Shores, acted as chairman. The address was given by the Honorable Rafael Belaunde, ex-Prime Minister of Peru and visiting professor of Government at Miami University.

The Cor Jesu Choir provided special music for the Mass and program. After a blessing by Monsignor Barry, the convocation closed with the National Anthem.

The faculty and students wish to express their sympathy to Virginia Ginn on the death

#### Spanish Club Assembly

The Spanish Club prepared a radio program for the assembly period Thursday, April 15, commemorating Pan American Day.

The Latin American girls entered the Lounge bearing the flags of the 21 American republics and singing "The Song of the Americas."

Maria Dolores Simonpietri gave an introductory speech, "How Better Pan American Feeling Will Help Combat Atheistic Communism in European Countries." Peggy Owens spoke on "What Pan American Day Means to Us." From a Stewardess' point of view Mary Edith Lautner explained how Pan American Day is not only Spanish and American, but also French, British, Dutch and Portuguese. The audience was invited to ask questions after the speeches.

A quiz program was then conducted by Isabel Aguilera and prizes were given to those who answered the questions correctly.

Miss Margaret Husson, Directress of the A. A., was presented an orchid from the members in appreciation of her able assistance toward making the production a successful as well as a memorable one. (For picture see Page 4.)

### Dean Will Attend Florida Education Meeting April 23

The Florida Education Association will meet in Miami, April 22-24. Sister Mary Dorothy, O.P., will participate in a panel April 23 on "Vital Problems Facing Teacher-Education in Florida," and in another, "Educating Teachers for Guidance," April 24.

Geraldine Condon will sing two French songs at a meeting of French teachers at Huyler's Restaurant on April 24. Fortunate in having a teacher who hears even her practicing, Charlotte is indebted to her father, Mr. G. N. Holme, prominent in orchestra work, for her talent and musical education.

In the first number of her program Carmen Montoya, Joyce Parmentier, and Ann Alice Muller will join Charlotte in the **Teleman Con**certo for violin quartette.

In a second composition Charlotte will play Mozart Fifth Concerto in A major, a long and difficult work.

Patricia Heldman, senior at Edison High School and pupil of Sister Mary Denise, O.P., will be included in the program, playing Chopin and Grieg selections. Each member of the Queen's Court will carry a white lily, the symbol of purity, which she will place at the foot of the altar.

After the Coronation, everyone will recite the Act of Consecration. The exercises will close with Benediction of the Most Blessed Sacrament. of her father, and Rosamund Mulhall on the death of her sister.

### Third Order Reception Set

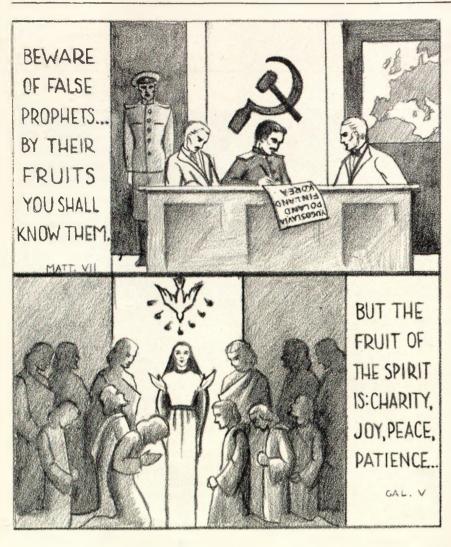

Reception of new members into the Barry Chapter of the Third Order of St. Dominic will take place on April 30, feast of St. Catherine of Siena. Father Burke is director of the Chapter on campus and Mary Ellen De Dominicis is prioress of the group.

Approved by Popes and enriched by many indulgences, the Tertiaries have been in existence for five hundred years. Through the centuries the works and aims have been the same: the recitation of the Little Office of the Blessed Virgin, and the developmnte of personal sanctification through prayer and works of charity.

Information may be obtained from Mary Ellen De Dominicis in regard to the Tertiaries, their works, reception and profession. Induction into two national honor societies, Kappa Gamma Pi and Delta Epsilon Sigma, will take place May 2 at Barry. Mrs. Arthur True, president of the Florida chapter of Kappa Gamma Pi, will be present. Miss Patricia Kelly of Miami Beach, president of Delta Epsilon Sigma, is also expected to attend. Delta Epsilon Sigma members will vote on a constitution submitted by Miss Shirley Rees of Detroit and Miss Rosemary Wilson of Ft. Myers, former Barry students. Election of officers will also take place.

Separate business meetings will be held and then the two groups will join for the induction of new members, and awarding of the keys and certificates of membership.

Claire McCullough and Barbara Hannon will be inducted into Kappa Gamma Pi and Adelia McInarnay and Joan McGraw into Delta Epsilon Sigma.

## Curtain Call For the A. A.

April 8 will be a memorable date for those who took an active part in Barry's fourth annual Water Ballet, as well as for many of those who watched and applauded from the bleachers.

The event will be a memorable one because it's on occasions such as that that we see the often quoted "School Spirit" routine rise to almost undreamed of heights. In this realm we discover unity, cooperation and a total lack of that characteristic called individuality. Yet within the meaning of these three factors lies the success or failure of any performance, whether it be large or small.

Congratulations are in store for all, but especially to the leaders of the various routines. Your patience in guidance, your perseverance with, and confidence in the members of your group are worthy of tribute.

For Miss Husson there are no phrases adequate to express our sincere appreciation, and to Sr. Thomas Mary a note of thanks is also due.

This was your "Curtain Call" for the Athletic Association, and the recognition you received was amply deserved!

Angelicus A monthly publication edited and managed by the students of

April is the month devoted to the Holy Ghost. We can draw many benefits from thinking of what the Holy Ghost and His seven gifts mean to us. A particularly interesting reflection is how the seven gifts are the only true source of peace and unity for the world. Let us compare these ideals to the godless communist principles.

Wisdom is the gift which teaches us to put a true value on our salvation and the means of obtaining it. It also guides us to despise earthly honor and material wealth. Obviously the communists do not have wisdom, since all they strive for is the improvement of their material existence.

By Understanding we are able to conceive the truths of religion and penetrate mysteries of faith as far as is necessary for our own good. This gift enlightens our mind so that we can reason correctly, thinking straight, so to speak, in all matters. The communists possess misunderstanding because of their false philosophy and plan of life.

The spirit of Counsel shows us the deceits of our enemies and how to avoid them; and in time of doubt it directs us to the right side of the question. How sadly are these atheists lacking Counsel! They have fallen to the devil's side.

Fortitude makes us strong in time of trial and gives us strength to defend truth and virtue. The communists have lost this strength and have become cowards, afraid to recognize God as their Master because they do Delta Epsilon Sigma. not wish to live according to His divine law.

## **STUDENTS VOTE** FOR U.S.N.S.A.

#### Unanimous **Approval Given** At Assembly

At a general assembly, April 8, the student body voted unanimously to join the United States National Students Association, an organization of students representing colleges and universities throughout the United States.

Prior to the voting, each Student Council member expressed her opinion as to the benefits Barry would derive from the affiliation. They told the students that if the college would join, it would help to prevent communism from acquiring too strong a foothold in the U.S.N.S.A.

Improvements in college social life, establishment of vocational and part-time employment services, and financial aid for worthy students are among the advantages to be had from a membership in this organization.

Along cultural lines, the Association is attempting to bring the work and program of American and foreign students to as many United States campuses as possible.

### MEANING OF BARRY ESCUTCHEON

The Barry College escutcheonsometimes referred to as a shield-is a combining of the arms of Bishop Patrick Barry and of the Dominican Order.

The Dominican escutcheon consists of four white and four black gyrons of tri-

angles. These sym-

bolize unity or

the working to-

gether of a body

of people for the

common good. The

"crossfleury"- or

cross with a fleur

de lis at each end -superimposed upon the gyronssignifies one who has conquered, or victory, duty and self sacrifice. The sable or black of the escutcheon symbolizes wisdom, silence, fortitude and penance. The argent or silver signifies peace, purity, charity and sincerity. Frequently the motto of the Order appears surrounding the escutcheon. It is "Laudare, Benedicere, Praedicare"-to praise God, to bless His people, and to preach His gospel. Frequently, too, the escutcheon is surmounted by the six or eight-pointed star which is the distinguishing symbol of St. Dominic.

The Dominican escutcheon typifies the spirit of the Order which has taught Christ crucified and the wisdom and charity of the Cross for over seven hundred years.

The escutcheon of Bishop Patrick Barry, one of the founders of Barry College, bears his own arms and those of the diocese of St. Augustine The shamrocks, symbolizing St. Patrick, the Apostle of Ireland and the Bishop's patron saint, are superim. posed upon the red bars of his family coat of arms. The heart signifies St. Augustine and the arrow represents Florida.

In marshalling the escutcheon for Barry College the three red bars were taken from Bishop Barry's arms and the shamrocks were dropped in favor of the three books symbolizing a college. This was moved to the dexter or right sode of the Barry College escutcheon, because in heraldry typical identifications are found in the position of honor. The Dominican escutcheon, forms the left or sinister of the Barry College es. cutcheon and indicates that the callege is a Dominican foundation.

Thus, although Barry College is itself a young institution, we find that through its escutcheon it is linked with seven hundred years of Dominican history and with the stirring record of the Church in Florida.

Joan is originally from New York, but she is now permanently settled in Miami. Those who have visited the infirmary have undoubtedly made the acquaintance of several odd looking fish, refugees from the Mc-Graw fish pond in Coral Gables. It seems fish and crocheting are Joan's pet hobbies.

Joan numbers two items on her "I definitely don't like" list. Can't you guess? Mumps and measles!

Before graduating this June, Joan will be enrolled as a member of the National Catholic Honor Society,

## LET US CHANT HIS PRAISE A little vocalizing is in order now

before Sunday Mass, for we all have the opportunity of joining the choir in singing the Kyrie, Gloria, Credo, Sanctus and Agnus Dei. Although this is a fairly new practice in Cor Jesu Chapel, the practice of congregational singing is almost as ancient as the Catholic Church itself.

During the early centuries of the Church, plain chant was sung in unison by all the congregation. As the years passed, however, emphasis came to be placed gradually on more elaborate musical compositions performed by a small, select group, and even later by soloists. The ordinary people thus lost for a while the privilege of participating actively in the Holy Sacrific by singing certain parts of the Mass.

In recent years the Church has attempted to recapture the spirit of the early Christians through the restoration of Gregorian chant and congregational singing. In his Encyclical on Church Music, Pope Pius X urged, "Especially should the Chant be restored to the use of the people, so that they may take a more active

Knowledge enables us to know the duties of religion and to distinguish good from evil. The communists are ignorant, since they have chosen evil. Piety is the gift that helps us put the duties of our religion into practice. Clearly, the anti-Christians can do nothing but practice the evil they know.

Fear of the Lord is the seventh gift of the Holy Spirit and it makes us fear incurring the anger of God if we offend against His holy law. Communists have no fear of God because they eliminate Him in their beliefs; in fact they despise Him. The wrath of God is justly upon them.

We can draw as a conclusion that the dove of peace and His seven gifts are the building blocks for peace whether we consider them spiritually or for world order. The communists are in direct opposition to Him-so which shall it be in the world, the dove of peace, or the hawk of despair?

#### Vivian Decker

Vivian means lively, and that's just the adjective for the junior vicepresident, Viv-

> ian Decker. To mention just a few of her many offices about the campus, Vivian is the secretary of the Florida Club and the Mission Committee, business manager o f

the Angelicus, and advertising manager of the Torch and Shield.

A stronger advocate of reading in bed is nowhere to be found, and a coke and some potato chips complete the picture. Born in Pennsylvania, Vivian is proud of her northern home, and while she loves her adopted city, Miami, she still prefers to be known as a Yankee.

her life when they were children, quite unintentional of course. First he stuffed a carrot down her throat, and then he locked her in a drawer. But fortunately Katherine survived both incidents and is today an active participant in activities around the campus. You may have recognized her as one of the brown suited swimmers in the Autumn Nocturne number in the Water Ballet. She also enjoys sailing and football.

#### CORRECTIONS

The Angelicus staff wishes to make the following corrections on material appearing in the March, 1948, issue:

The thesis for the scholastic disputation held in honor of the feast of St. Thomas Aquinas should have read: "The Moral Virtues are Connected So That If One is Had, All Are Had; and If One is Lacking, All Are Lacking.

In the story on Vocation Week. the name of the speaker from the Miami Herald should have been given as Kay Murphy.

## Models Display Smart Fashions

On Thursday, April 8, the annual style show was presented by the clothing and design classes of the Home Economics Department. Under the supervision of Sister M. Eulalia, O. P., the members of these classes designed and created their own garments which were shown for the first time that evening.

Students who modeled their original designs were Marianne Moesta, Alma Ramirez, Iola Saunders, Mary Lou Schoolmeester, Lucia Vallejo and Dorothy Wood. Modeling their own creations were Emila Arnoldson, Mary V. Carter, Joan Duane, Marilyn Gentsch, Jacqueline Koop, Marilyn Macchi, Shirley Martin, Belen Ortega, Pat Patterson, Jeanne Pfister, Joyce Robbins, Dorothy Rohan, Isabella Ruffolo, Ellie Smith, Marina Sikes, Pat South, Reecie Slusher, Mamie Toomey, and Rosemary Unger.

The styles that were shown ranged from cool crisp cotton dresses for comfortable wear on the campus to sophisticated evening gowns. Sun dresses, suits, and afternoon dresses were also modeled.

Jacqueline Quinn was mistress of ceremonies as well as writer and narrator of the script.

## "The Man I(Could)Love"

What characteristics do you look for in a man? What ideals do you want "the man of your choice" to have? Here are some opinions of Barryites as to what they look for and admire in the gentlemen of today.

Junior Mary Jane Mills was quite emphatic: "I demand a lot, but nothing that a well trained man wouldn't possess. I believe a man who is conscientious about his religion is naturally prone to be thoughtful, capable of responsibilities, and understanding. These things to me are the most important qualities to look for in a prospective husband."

Isabel Aguilera, freshman, says: "If I were to consider all the essential characteristics I want in a man, I'm sure the list would be quite long, for I may be asking for too much. Here are the main qualities which the man I marry must have. He must be a good, practical Catholic; he must be of strong character and will power, kind and thoughtful to every one; and he must possess a good sense of humor."

Claire McCullough feels "Sincerity is one of the foremost requirements for any man. Then he should have the correct principles and ideals to be sincere about. To be almost a perfect gem he should possess a pleasing personality so that he is more than theoretically attractive."

Marianne Moesta says she agrees with Father Friel, "'When you consider a person, consider not his material worth but his own worth.' My seal of approval would be given to a young man who puts right living above all else, is sincere, possesses an acute sense of humor, and is good natured."

Inquiring of sophomore Jean Vernon, it was found she considered her ideal man "One with an excellent personality, an appreciation for the finer arts, and one who is a good dancer and singer. Good looks don't necessarily count, but I do like tall men. Ambition is one of the most important qualities, and he must have a definite interest in his home and children."

Senior **Rosemary Naef** tells us, "The first thing I notice about a boy is his eyes. You can look through his eyes into his soul. Also, I observe his poise, the way he talks, and his mannerisms. Personality is all important."

Betty Lou Carlson, freshman, states: "When I consider the qualities of a boy I think about his attitude toward his family. If he is kind, generous and appreciative of them, it is a good indication he will be that way to others."

Virgil Lopez of Everglades, Florida, was the winner of the radiophonograph raffled April 8 by the Mission Committee.

**Patricia Hand**, freshman, remarks, "When you come right down to it, the most important things are a sense of humor and sincerity."

Well, there's a cross section of what qualities Barry girls look for in a man. His faith, sincerity and a sense of humor head the list of requirements.

## Alumnae Report

Our benefit tea dance and card party which was held on Sunday, April 4, was a big success and a bouquet to each and every one who helped to make it such. Thanks are also due to each girl who sent in her raffle money so promptly. I haven't the full financial report as yet, but I know that we made our quota and that some high school senior will be helped thereby. The beautiful, handwoven afghan was won by Miss Eileen Myers '47, the twenty-five dollars was won by Mr. Bart Barbick, Ruth Waters' husband, and the ten dollars went to Mrs. Vida Bellefeuille of St. Petersburg.

We received a very nice letter from Meri Turrentine Lauten '47, who is so busy now housekeeping in her new apartment in Tuscaloosa, Alabama. Meri sent us a lovely clipping about her wedding and I only wish I were a fashion editor so that I could describe it to all of you. However, it was beautiful and Meri made a most charming bride.

Another letter from Geraldine Kunz '46, informs us that she now has a temporary position at a hospital in Virginia and that she likes her work as therapeutic dietician very much even though she thought working could never be enjoyable.

From Detroit comes news of a new Ford motor company enthusiast since Dee Gleason '47, started working there as a secretary. She finds the automotive industry fascinating so maybe we can look forward to big advances. On the side Dee is taking up Business school to keep up that shorthand speed, and some skiing, riding, and sailing for exercise.

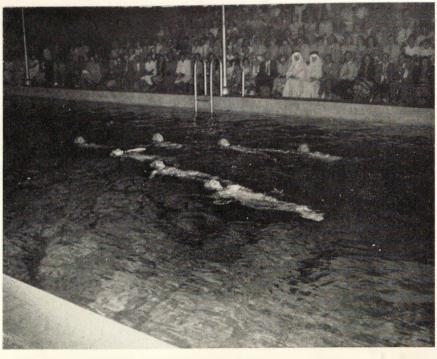

Pat MacGill accepted our invitation in the last Angelicus to give us some information on Friendship House and the part that all Catholic college students can play. The most important thang that Barryites can do is to pray for the success of Friendship House and of the work it is trying to do. The students could, if they would, be real apostles in the spreading of the doctrine of the Mystical Body and of its practical applications. Thanks, Pat, for the information and we'll try to put it into practice.

That's all the news but don't forget to pray for the seniors of '48.

#### **Togas in Style** At BKK Banquet

Latin Week was celebrated at Barry this year by a Roman banquet and program on April 22. Members of Beta Kappa Kappa presented a short skit and the entire student body joined in singing several Latin songs. Latin menus of twentieth century food were at each student's place. Members of Beta Kappa Kappa wore Roman costumes.

To the strains of "Winter Wonderland," this group of Barry aquabelles performed one of the routines in the Water Ballet's sequence of seasons.

### Students Become Social Workers Several of the students in Sister

Trinita's sociology class have gone in for field work in that quarter. The project was planned before Easter vacation. Since that time, students who were interested have been putting the plans into effect.

The work consists in helping those organizations for social welfare which are most in need of assistance. As well as being interesting, the work gives students an insight into the problems of others and the obligation to assist the less fortunate. The project is a starting point for those who may desire to make social work their career in the future.

Helping with the smaller children at St. Joseph's Villa are Anastasia McNichols, Patricia Bradley, Roberta Rempe and Donna Small. These students care for and amuse the youngsters each Thursday afternoon from 3 to 5.

Bernadine Sersen, Harriet Burke and Isabel Aguilera take turns going to the Catholic Charities Bureau in Miami. Their work consists chiefly in typing and record-keeping; but they will be given a chance to investigate records which will give them a better understanding of the need for qualified social workers.

## Florida Club Plans Forthcoming Party

The Florida Club held its social meeting and tea in the Rotunda at 3:30 p. m. April 13. All members of the club had been invited to attend.

Although the gathering was primarily social, there was an informal discussion of plans for the forthcoming beach party to be given for those club members who sold tickets for

Josette Burini's parents bought a house for her to live in after her marriage the early part of this summer.
