

VOTES 'INJECT' CARDONE INTO OFFICE

CAROLYN CARDONE

LINDA WOLFE

The "pop" art of last week was straight pins, wild posters, name tags, and ribbons, and of course that famous voting machine with all its levers, curtains, knobs and adhesive tape. This week, the fad is picking up discarded posters and tear-stained or celebration-worn people. Elections are over!

Carolyn Cardone, a junior Biology major, was voted Student Body President for the coming school year. A graduate of St. Vincent Ferrer High School, New York City, Carolyn has attended Barry for the past three years. She holds a minor in Chemistry and Secondary Education and hopes to do research or teach after graduation.

The Legion of Mary, Cor Jesu Choir, Mission Council, Home Economics Club, and Albertus Magnus Science Club are some of the organizations in which Carolyn has been active. She served as Vice-President of the Science Club during her sophomore year and is now president. Among other honors, Carolyn was elected "Queen for a Day."

"People have become deaf to the cries of apathy, lack of enthusiasm, lack of cooperation and so on, that we are accused of by many on the campus. It is better to repair the reasons for this attitude than to keep on complaining about it", says the New York-accented junior. Carolyn proposes a program to eradicate some of the stumbling blocks which encourage this attitude. Tentative plans for next year are: having the Student Council composed of three branches, executive, legislative, and judicial; having a more vigorous assembly program with lectures from members of the Miami community and also from faculty members; well organized student panel discussions; and finally having all Student Council meetings held in the auditorium to encourage student participation. Carolyn enjoys sewing, swimming, and "walking and enjoying the scenery."

Assisting Carolyn will be sophomore drama major Carol Ritchie as Vice-President of Student Council.

Having previous Student Council experience, Carol has been Freshman Class President, Sophomore Class Representative, and member of the Executive Board, Review Board, Faculty-Student Relations Committee. In addition to participation in class activities, Carol also belongs to the Playhouse, Dean's Conference, Lambda Sigma, and she was a candidate this year for the Glamour Contest at Barry. Carol holds the Edwin L. Wiegand Scholarship.

Social Board President is Linda Wolfe, a junior nursing student. Linda is a member of Lambda Sigma, Nursing Students Association, and Social Board. This year as Social Chairman of the Junior Class, Linda is chairman of the Junior-Senior Prom. She has also been a member of Student Council and the Cor Jesu Choir.

Ellen Fallon, the new Secretary-Treasurer of Student Council, is a Sophomore Nursing Student from Miami, Florida. She is active in Beta Kappa Kappa and NSA.

ELLEN FALLON

Four Complete Social Board

Assisting the president of the Social Board in her many duties will be four other members of the Executive Board.

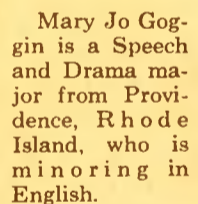

Nancy Jean Worth, an English major who is minoring in History, is a transfer student this year from Miami-Dade Junior College. Nancy is from Miami Springs, Florida.

Miami Springs, Florida.

Maureen Mooney, from New York, is a transfer student from Mercy College, with a major in English and a minor in Elementary Education.

Mary Jo Goggin is a Speech and Drama major from Providence, Rhode Island, who is minoring in English.

Eileen Daley is an art major from West Palm Beach, Florida. She is minoring in merchandising.

Business Department Announces New Program

Barry's present two-year business program will be replaced by a four-year program leading to a Bachelor of Science degree with major areas in Office Management, Marketing-Management, Accounting, or Economics. The program, in which the student may also receive teacher certification, will open in the areas of Office Management or Marketing-Management to the Freshman in September, 1966. Freshmen wishing to major in Accounting will be accepted in September, 1967 and those wishing to major in Economics will be accepted in September, 1968.

This increase in the offerings of the Business Department will prepare students for business professions within a framework of a liberal arts education and satisfy an increasing need in the business profession for trained, professional workers.

"Bon Voyage"

by Diane Pray

The senior class will be given a Bon Voyage party tomorrow night aboard the SS L'Avenir (future), as the Junior Class sponsors the annual Junior-Senior Prom. The formal dance begins at 9 p.m. at the Kings Bay Yacht Club in Coconut Grove.

Couples will dance to the music of Johnny Masters and his orchestra as part of their nautical farewell. Room and table decorations along with favors, which remain undisclosed to the honored guests, will add to the seafaring atmosphere of

the evening.

The marine farewell party is the combined project of many people the chairman and co-chairmen of this year's prom, Linda Wolfe, Pat Ryan, and Maryann Gentry, the chairman of the Band Committee, Maureen Mooney; Decoration Committee, Rita Dominguez; Bids and Program Committee, Mary Pat Healey; and Chaperone's Committee, Sheila Dennison; all of which hope that the prom will truly be a wonderful Bon Voyage for the Seniors' "trip into the future".

Dr. Wilson Conducts

Period Music Themes Annual Spring Concert

Variety will keynote the Tara Singers' annual Spring Concert, to be held Sunday, May 15, at 8:15 p.m. in the Barry College Auditorium. The 71 Singers, under the direction of Sr. Alma Christa, O.P., will present a musical tour of every period, Renaissance through contemporary, with such composers as Bach, Handel, Brahms, Copland and Villa-Lobos being represented.

The guest conductor will be Dr. Harry Robert Wilson, well-known choral clinician, composer and conductor, who retires this June as Chairman of the Music Department at Teachers College, Columbia University in New York. Dr. Wilson has been coming to Barry since 1955, missing only one concert (last year's) when he was on a trip around the world.

Organ accompaniment will be provided by Celene Dembroski, sophomore music major; piano accompaniment by Diane Travnikar, freshman music major; and percussion instruments will be played by Sue Pope and Celene Dembroski. A small boy's choir made up of students from St. Rose of Lima School in Miami Shores will join the girls in one of the numbers, the Bell Chorus by Mahler.

A special highlight of the program will be the selections performed by the Madrigal Singers, a group of 11 girls devoted to the singing of Renaissance music and organized as a campus group last year. Some boys from Biscayne College as well as two Miami men who have appeared in Barry musicals (Floyd Baker and Bob Hines from "My Fair Lady") will join the Madrigal singers for the concert renditions. Additional color will be added in accompaniment on

authentic Renaissance instruments provided by Mr. Aronld Grayson, well known in the Miami area as well as throughout the United States for his collection of ancient instruments and work with these in instruction and performance. Mr. Grayson will play the lute, recorder and other instruments. Celene Dembroski, Nancy Green, and Donna Quinlan will join him in playing these instruments.

Angelicus Editor Widens Beat Toward Future Career Goals

Happiness is . . . a paper put to bed. But for Judy Antinarella the editor of this year's *Angelicus*, Happiness is . . . the pursuing of information, the writing of articles, the editing of copy, and the panicing of the last minute of each issue.

Judy, a senior history major, with minors in journalism, French, and political science, has combined two interests in a common goal — political journalism.

This goal rests upon a basic ideal, that of a well informed journalist, a writer who is constantly seeking new information and new ideas, and one who fulfills the three principles of journalism: to inform, to guide, and to entertain.

Judy has exercised these ideals in establishing a more vital *Angelicus*. She has strived to improve the layout and photography and instill in her staff the need for a more professional interpretation of the news.

For the future, Judy plans graduate study in journalism, further preparing herself for newspaper work.

At Barry she has been active in Student Council, Tara Singers, *Angelicus*, and this year she was named in Who's Who Among Students in American Colleges. She also participates in her parish CCD and Legion of Mary.

Editor in Action

On May 1, Barry art students will sponsor the opening of their annual exhibit, to be held for the first time in the North Miami Auditorium.

Final selection of the works to be exhibited is now being completed by Sr. Mary Joseph and Sr. Margaret James of the Art Department. Representative pieces from the painting, drawing, ceramics, printing and design classes will be on display for all Barry students and interested friends.

Madrigal Singers will be featured at annual Spring Concert on May 15.

Barry's SC Is At Stake

How Does Experience Rate?

Shall experience be the determining pre-requisite for the president's office of the Student Council as opposed to the qualification of popularity? This knotty problem is now the subject of review before the Council and is destined for a vote next month.

It would be politic for your Cub Edition of the *Angelicus* to remain neutral. The importance of the matter is manifest, however. The need to take a side is apparent and the unpardonable sin of a neutral expressing a view cannot be shirked.

True, our position may alienate some. Alienation of those few would appear to be inconsequential when there is a possibility to provide guidance to the Council members belabored with the decision.

Article One - Section Two of the Student Council Constitution reads: "The object of this organization shall be to coordinate all campus organizations, in order to guide and enlighten recognized campus leadership; to provide for the cooperative handling of student problems by students and faculty, and to bring about accurate interpretation of college policies; to cooperate

with the House Council in solving residence hall problems."

The text of Section Two is concise, descriptive and pointed. It reflects the essential of experienced leadership in the Student Council body.

How best can that leadership be asserted than through a presidential candidate previously prepared for and familiar with the purpose of each campus organization, faculty standards, and the attendant personnel in Barry activities?

In its deliberation the Council should remember that inexperience would place the president's office on trial, possibly degrading its importance. The prestige and power of the office should not be risked now and for the future.

The good of Barry College is at stake. If an atmosphere of doubt exists, the Council is urged to recognize its responsibilities in the upcoming vote. Let those candidates bestowed with popularity seek other campus honors. The office of the Student Council president should remain for the experienced. MAM

College Talk

MIAMI-DADE JR. COLLEGE—Student Council Elections held at Miami-Dade on Fri., Mar. 25 made Robert Reid the sixth and first Negro president of Student Government. The voting totaled 3,267 of which Reid pulled 1,430 surpassing Jack Norris and Bill Cichewicz, his opponents. This total was the largest number in Miami-Dade history.

Before elections the candidates appeared on WKAT's "Young Miami Speaks" program in a question and answer period as well as at campaign rallies.

Alpha Pi-Rho, advertising and public relations fraternity, predicted in a pre-election poll that 86% of the student body would NOT vote for the Student Government Association president, vice-president, chief justice, and twelve sophomore senators. This percentage included 10,321 students.

UNIVERSITY OF MIAMI—Tom Spencer was elected president of the Undergraduate Student Government during the annual elections at the end of March. At this time other officers of USG as well as three representatives for each class were voted by U of M students. The students also voted on a referendum for the abolishment of cars for freshmen beginning in 1967.

UNIVERSITY OF FLORIDA—Two U of F editors and one managing editor were dismissed from their posts last March 29 and 30 for "failure to exercise and accept responsibility with which they were charged."

The students claimed that they were fired because of "undue political interference from outside — most likely from Tallahassee and Gov. Haydon Burns." The charges against the students included "bias, inaccuracy in reporting, constant and unprofessional harassment of state government officials and friends of the university, unwarranted rudeness both private and in print in regards to the UF administrative officials, individual dislikes and vendettas, wanton lack of editorial responsibility."

Benny Cason, the ex-editor said that he "plans to file a slander suit against Buddy Jacobs (a board member)." He feels that there has been a violation of free press as well as academic freedom.

FLORIDA SOUTHERN COLLEGE — Elections have taken place at Florida Southern where Tim Skidmore has been elected as president of the Student Government Association.

The election procedure changed somewhat with the use of legal petitions in qualifying, an increase in publicity, and the distribution of sample ballots.

PALM BEACH JUNIOR COLLEGE — Many "dissatisfied" students at PBJC have decided to "write-in" their choices in the up-coming elections. The students are supporting Ken Jenne, current Student Government President and Terry Bates, current Senate President. Jenne has refused to actively campaign, but will not protest a "write-in" ballot. Bates said, "If this many students were dissatisfied, then many more must be also, and would support us."

BETHUNE - COOKMAN COLLEGE — Preliminary plans for the construction of the Julia E. Robinson Memorial Music Hall have been announced by Richard V. Moore, president of Bethune-Cookman College located in Daytona Beach, Florida. Peter H. Robinson donated \$50,000 in memory of his wife, who was a supporter of the college's efforts. A drive has begun to raise the remaining \$200,000 needed to build and furnish the music hall.

XAVIER UNIVERSITY — A new clause has been enacted into the Student Council constitution of Xavier University in Cincinnati, Ohio, in order "to promote student interest and initiative, and to reward certain students who have made noteworthy efforts at Xavier." The legislation permits awards and recognition of students who have excelled in campus activities. The four awards are: Xavier Man of the Year, Journalist of the Year, Actor of the Year, and Club of the Year.

The College Syndrome . . .

Getting Behind

After almost three fourths of a semester over it seems rather useless to write about a subject that probably could not be remedied at this late a date. But considering that a great majority of us are in the same situation I think it deserves a little thought.

The beginning of this semester seems like yesterday with us returning to classes, resolved to stay ahead and not get behind.

I don't think two weeks passed and we were gradually lagging along. Our intentions were oh so good, but by some unnotable means we were back in the groove again, behind as usual.

We are now into second quarter, spurred on to success by a blue reminder that arrived during the height of our holiday fun. Again a mental resolution was made and again I can venture to say that we're behind. It took only one day of putting something off to set us behind for a week, two weeks, or even more.

First Day of Resolution . . .

And Three Weeks Later

The causes for these procrastinations were both excusable and well, questionable.

We manage to get basic assignments finished but it's the long range projects and little extras that go unnoticed and that are always present in the back of our minds.

Just why are we always behind?

Do we have too many extra-curricular activities, are we dividing our time in wrong proportions, is there too much work in general, or is this just typically college?

Why? . . . Why? . . . Why? . . .

Ed. Note: Sorry that this editorial was so short — even editors can get behind.

Editor's Mail Box . . .

Dear Editor,

I have found the Barry girls to be especially generous with their time on many occasions. I think it is important that some recognition be given to them in your "Editor's Mail Box."

In effect, I want to express my gratitude on behalf of the School of Social Work and those professional social workers who have come to this campus. In particular, I would like to thank the following girls for their help: Peggy O'Grady, Gere Dietrichs, Kathleen Krogman, Sandra Soto, Susan Postula,

Jan Jacunski, Mary Agnes Naser and Missie Graham. Henry A. McGinnis, Ph.D., ACSW Dean School of Social Work

Dear Editor,

Seniors Win Honors

OFELITA SCHUTTE

MARGARITA DE LA LLERA

Seniors, Margarita de la Llera, a bio-chemistry major from Miami, and Ofelita Schutte, an English major also from Miami, have been awarded assistantships and a scholarship to two universities.

Margarita received an assistantship to Marquette University, an assistantship to the University of Miami, and also one to Fordham. She was secretary of the Sodality during her junior year and has been active in the Spanish Club, Mission Council, Legion of Mary, and is now a member of the campus honor society, Lambda Sigma.

The University of Miami also granted a scholarship to Ofelita in English. She has belonged to the Sociology Club, Student Council, Lambda Iota Tau, the English Association and Lambda Sigma.

Picnic Climaxes SC-Faculty Day

Wendy Goodridge

Greynold's Park is the place to be on May 5, from 3:30 p.m. to 7:30 p.m., if you are a member of the faculty, Student Council or Senior Class.

The occasion is a picnic sponsored by the Student Council and is quite different from the formal dinners held in the past.

The idea behind the picnic is not only to foster better relations between the faculty and students, but to also show appreciation to the faculty for all they have done this year. This is a meaningful day for the seniors since it might be the only time to express a special and last thanks to the faculty.

The whole day is dedicated to this idea, with students assigned to faculty members to help them with any errands or chores. These students and teachers will wear tags that are designed to match the teacher's tag.

The picnic will be highlighted with everyone participating in games such as badminton, baseball, horseshoes and even a potato relay race. If people don't like playing with potatoes, they can "try their hand" at dunking for apples.

For the ones not inclined toward athletics there will be boating, and for the not-so-athletic land-lovers there is group singing. However, prizes are limited to only those who are "muscle-bound".

No picnic is complete without food, so the last "round" of the day will be the enjoyment of box lunches prepared by Mr. Ogden especially for the picnickers.

Skin of Our Teeth Stars

By Jean Jehle

The War, The Deluge, The Ice Age is over. Once more, on earth sodden with detritus or blood, there rises the house of Antrobus. He has survived by the skin of his teeth.

Such is the setting for Thornton Wilder's Pulitzer Prize winning play *Skin of Our Teeth*. Wilder's play is an allegory based on the novel *Finnigan's Wake* by James Joyce. The allegory is concerned with the capacity of the human race to survive by the skin of its teeth.

While the stage serves as a symbol of life, the characters represent humanity. Mr. Antrobus, the father of the house, represents every man but remains the world conquerer. Mrs. Antrobus, the mother, serves as the life giver and the eternal mother. Always, there is the evil character that influences the worthy. This part belongs to Sabina, the maid in the house of Antrobus. She represents the philosophy of the common people; that is, all is fine and wonderful as long as things go their way.

The Drama Department of Barry College will present the *Skin of Our Teeth*, May 7, 8, and 9, starring Julie Haydon as Mrs. Antrobus with Michael Brophy as Mr. Antrobus and Angela Assalone as Sabina.

Also in the cast are Roland Adams, Mary Jo Goggin, Kathie McCleskey, Lou Buzone, Fred Weichman, Cheryl Profenius, Bonnie Benedict, Orlando Carillo, Drew Barrett, Karl Larsson, Fred Barley, Ruth Kocanda, Carol Ritchie, and Phyllis Murzyn.

Julie Haydon on Barry Stage

Julie Haydon, Mary Jo Goggin, Roland Adams and Michael Brophy star in "Skin of Our Teeth."

Miss Haydon, who is a famous actress of the American stage, has played in some of the best works of our age — most of which are classics. As a young girl in the 1930's, she played Titania in *Midsummer Night's Dream* with Mickey Rooney. Later, she appeared in one of Hollywood's first artistic movies *The Scoundrel*. After *The Scoundrel*, she remained mostly on the

stage in New York where she played in such works as *Shadow And Substance*, *Skin of Our Teeth*, and *Glass Menagerie*.

Following the death of her husband George G. Nathan, a famous drama critic, she established a library in his memory at New York University. At present, Miss Haydon tours college campuses performing in plays.

'Sec. of the Day'-Carmen Pelaez

On April 26, Secretarial Science Club Day began at 8:00 in the morning with each member becoming a secretary for the day. The girls carried out this idea by working for an assigned faculty member in the capacity of secretary.

The Secretarial Office in Thompson Hall was set up as a coffee shop, where the girls could take their "bosses" for a coffee break.

A Fashion Show was held at 7:00 p.m. in the lounge of Thompson Hall. Girls, selected from these Future Secretaries, modeled clothes in conjunction with Sears, Roebuck and Co. The purpose was to show not only the appropriate dress for working in

the office, but also, how to add accessories for a dinner-date.

Following the Fashion Show, a "Letterwriting Clinic" was held to help the students have a better understanding of their field and its demands.

Mrs. Harriet Withers, chairman of Dade Junior College's Department of Business Careers, spoke on various typing techniques and the art of writing a business letter.

Mr. Robert Clutter, Department Manager of Royal Typewriter Company, spoke on the topic "How's Your Viewpoint?" and covered the secretary's role in the office.

Kappa Rho Reps And DSR's Elected

The Kappa Rho President for the coming year will be Noreen Bevilacqua, who is a Spanish major from Miami, and minoring in Elementary Education.

Assisting Noreen as vice-president will be Judy Tomas, an English major from New York with a minor in Elementary Education.

Mary Catherine Ungar, a Home Economics major with a minor in Secondary Education, is from Ft. Lauderdale and was elected Secretary-Treasurer.

Each of the girls is a member of the class of '68.

The Day Students will have three representatives on Student Council. The Senior representative will be Nancy Lynch, a Spanish major from Miami with a minor in Elementary Education.

Another Miamian, Pat Fry, a Secondary Education major with a minor in Speech and Drama, will represent the Junior Class.

The Sophomores will have Jean Vecchione, a Home Economics major from Ft. Lauderdale, who is minoring in English and Secondary Education.

Peace Corps Trains Senior for Philippines

by Bernadette Foley

Veronica Casale, senior, has been selected for candidacy in the Peace Corps as an elementary school teacher in the Philippines.

Vee, a free lance photographer and art major will begin her training on June 25 at Stanford University in California, one of the ten training centers for the Philippines.

Besides learning how to teach English she will also study the customs, taboos, and possibly the Philippine language, Tagalog, a mixture of Spanish, Chinese, Arabic, and Japanese. To be prepared for the 24 month term of service Vee will be under a rigorous schedule in as close to the actual environment as possible. She will even have Filipino teachers.

VEE CASALE

Approximately one out of every seven trainees lasts through the ten week training period. If selected Vee will be allowed to go home before being sent to her area. In addition to teaching school, during the summer she will perhaps work in leper colonies, summer camps or in educational television.

Vee first became interested in the

Peace Corps in high school when the late President Kennedy inaugurated it. The thought of joining has "remained in the back of my mind ever since."

Before taking the Peace Corps Placement Test in December of 1965, Vee accompanied Sister Mary Joseph to Japan where they attended the International Art Teachers Conference. There she fell in love with the courtesy and friendliness of the Japanese people and in fact all Oriental peoples.

In applying to the Corps last December, she specified the Orient as a preference should she be accepted. The new learning in Japan impressed Vee with an awe for new things and widened horizons. She says it was like "a whole half of my brain expended."

Vee chose the Peace Corps over other organizations because it is more "organized" and "it is easier to give of yourself" in a foreign country. She wants to "communicate" with the people of the Philippines and show them what "Americans are really like" while learning from them what the Filipinos are really like. Vee plans to inform the people in the States of this "exchange of environments" by sending home a monthly mimeographed letter.

Vee is currently Student Organizations Coordinator for the Student Council in charge of collecting data on the National Student Association. She is also Angelicus photographer, memory book photographer and was Treasurer of the Legion of Mary for three years.

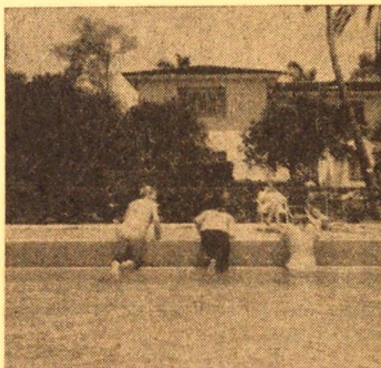

Aqua Frosh Finish First

Barry's first annual Intramural Swim Meet got off with a big splash Tuesday, April 26. Initiated and organized by Mrs. Zoble's recreation class with Peggy O'Grady as over-all manager, the meet promoted class enthusiasm and the sport of swimming.

In order that more girls would join in the competition the seven events were designed for accomplished swimmers as well as for "paddlers".

Getting in the pool was an easy task, but getting out, well . . .

There were four team events: the freestyle relay, the medley relay, the tire race, and a disrobing novelty relay. Each class team consisted of four girls. A bathing cap, sweatshirt, dungarees, sneakers, and socks were relayed from one team member to the next in the exciting, hilarious, disrobing relay.

Three individual races were also on the schedule: a twenty-five yard backstroke, a fifty yard freestyle, and a twenty-five yard breaststroke.

At a patio dinner ribbons were presented for the first and second place in each event. A trophy was awarded to the class which scored the most points for the day. The Intramural Swim Meet is a happy addition to Barry's yearly calendar.

WINNIE, THE POOH, a favorite of all Latin students, will be presented in Stella Matutina May 13-15. Mary Jo Goggin, a Junior drama major, has worked with the children from St. James School to produce the play.

Barry Goes European

by Bernadette Foley

With European travel, study and tour excursions scheduled for the next months by the Drama, French and English Departments Barry girls have three opportunities to get to Europe before next summer.

Sister Marie Carol has arranged the International Theater and Music Tour for this summer which will include eight countries.

Sister, accompanied by Sr. Marie Carolyn and other drama enthusiasts will begin the tour in New York City, on July 28. The bright lights of Broadway will lead them to see the Fiddler on the Roof, Man From La Mancha and On A Clear Day You Can See Forever. On August 1 they will fly to Dublin and motor to Edinburg where the Barry sponsored group will attend the International Festival of Music and Drama. In London, the Convent Garden Theater and the Opera will be among the interests. At Stratford-on-Avon they will attend the festival of the great dramatist, William Shakespeare. Athens is the next stop where the International Festival of Drama, Choreography, and Music will be held.

The group will jet back to Rome and do some sightseeing, cathedral hopping, and of course Italian theater going before they return to the States.

A European study and tour is planned by Mr. Naves in connection with the French and Spanish Departments. Students may take advantage of any one or all of the different phases of the trip. It includes a three week tour of Paris, London, Geneva, Lausanne, Lucerne, Zurich, Vienna, Florence and Rome.

Students will then go to their respective study areas: the University of Tours or the University of Granada. Courses will be available in all levels of French or Spanish.

There will be four weekend excursions and several other cultural events and local activities for the students. Although there are several departure dates the principal ones are June 9 from New York to Paris via Air France Jet and from Paris to New York August 16.

The third tour is being organized by Sister Robert Louise and is Barry's first european travel-study program on the semester basis. Scheduled for the spring of 1967 the students will travel through Italy, Spain, France, Germany and England. Girls from the Adrian Dominican colleges will study at the University of Neuchatel in Switzerland in the Seminaire de Francais Moderne, under the direction of Prof. Andre Allemand. The girls will be housed with local families. Various courses in French will be available and Sister Robert Louise is offering a course in Contemporary Literature.

Before the students arrive in Neuchatel they will travel to the major cultural and educational centers of Europe while taking a course in the history of art. Short excursions are planned for the long weekends from Neuchatel to the nearby tourist attractions and after the semester in Switzerland the girls and sisters will spend the last weeks in England. Those students who are interested in the trip are already taking concentrated study in French.

The Mental Health Association of Dade County is sponsoring a Mental Health Forum at the University of Miami, tomorrow, April 30. Sr. Elaine, O.P., M.S.W., head of Barry's Sociology Dept. will be on one of the Forum's panels, discussing the topic, "Grieving — Good and Bad." This year Sister has a full time position at the Florida State Mental Hospital in Hollywood.
